

ARTIST PARTNERSHIP PROPOSAL

TourStar × Backstreet Boys

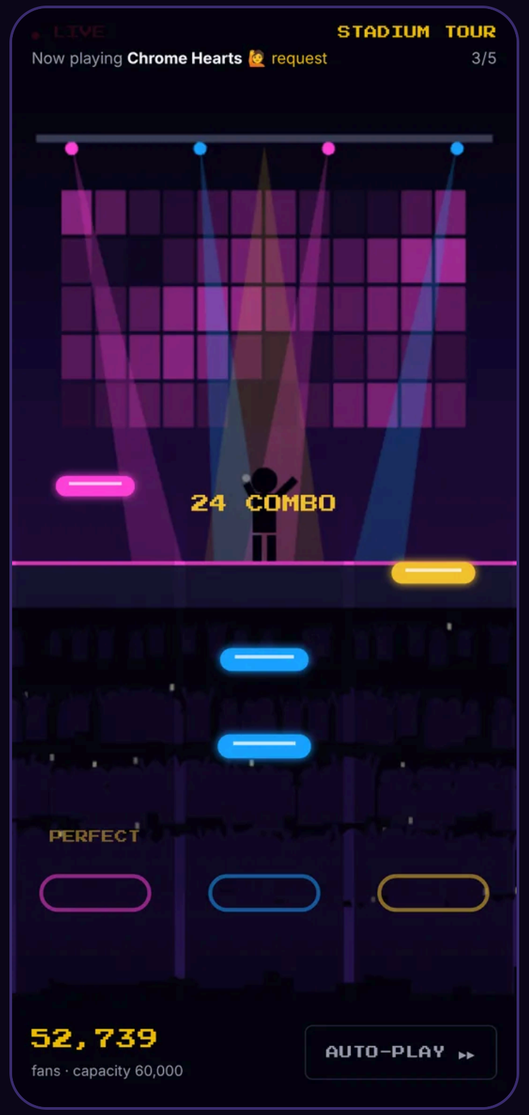

Five voices. One stage. Every fan playing along.

WHAT TOURSTAR IS

You don't watch the show. You play it.

TourStar is a music career game for iPhone. Players build an artist and take them from Mom's basement to sold-out stadiums, and every show is playable: notes fall in time with the music, and how well they play decides the crowd, the pay and the fame.

The best players win **real VIP experiences and merch**, fulfilled by Please & Thank You.

THE CAREER

Seven stages. One shot at legend.

1	2	3	4	5	6	7
Open mic	**Bar gig**	**Club tour**	**Theater tour**	**Arena tour**	**Stadium tour**	**Stadium encore**
40 fans	150	800	2,500	18,000	60,000	90,000

Around the shows: releases that earn royalties, labels, crew and gear, scandals with real consequences, weekly leagues against real players, friends on a shared festival bill, and daily reasons to come back.

WHY THE BACKSTREET BOYS

The fans who grew up singing along now want to play along.

From the Into the Millennium residency at Sphere to another New Year’s Eve in Las Vegas, the group is putting on the biggest shows of its career. TourStar lets fans everywhere step inside that show, together, between the dates.

THE PARTNERSHIP

Four pieces, one show.

01

The group’s stage looks and set as an official in-game pack.

02

The hits, re-recorded in TourStar’s arcade style and playable on stage.

03

The group’s own space in the app, plus a New Year’s Eve event.

04

Real show experiences as the top rewards, won by playing.
